

Extensile Vascular Exposures Course

Day 1 – The lower limb

08:00	Registration	CSB
08:45	Welcome & introduction	Nick M Matharu
09:00	Vascular surgical anatomy around the groin	
09:20	The femoral exposure – practical session	
10:20	Vascular surgical anatomy around & above the knee	
10:35	The AK pop exposure– practical session	
11:35	Coffee	
11:50	Vascular surgical anatomy around & below the knee	
12:05	The BK pop exposure– practical session	
13:10	Break and Lunch	
14:30	The trifurcation exposure – practical session	
15:30	Tea	
15:45	Vascular surgical anatomy of the leg	
16:00	Crural vessel exposure – practical session	
17:00	Extensile exposure and practice bypass	
18:00	Day 1 close	

Extensile Vascular Exposures Course

Day 2 – AM The cranial & upper limb vessels

08:00	Registration	CSB
08:45	Welcome & introduction	Nick M Matharu
09:00	Vascular surgical anatomy of the carotid artery	Prof Chris Imray
09:15	The carotid exposure – practical session	
10:15	Vascular surgical anatomy of the subclavian artery	
10:30	The subclavian exposure – practical session	
11:30	Coffee	
11:45	Vascular surgical anatomy of the axillary artery	
12:00	The axillary exposure – practical session	
13:00	Break and Lunch	

Day 2 – PM The abdominal aorta 1

14:15	Vascular surgical anatomy of the supraceliac aorta	
14:30	The rooftop retroperitoneal approach to the supraceliac aorta – practical session	
15:30	Tea	
15:45	Aortic debranching – practical session 1	
16:45	Day 2 close	
19:00	Course Dinner – Coombe Abbey	

Extensile Vascular Exposures Course

Day 3 – The abdominal aorta 2 & The thoracic aorta

08:00	Registration	CSB
08:45	Welcome & introduction	Nick M Matharu
09:00	Vascular surgical anatomy of the infracoeliac aorta	
09:15	The anterior exposure of the infrarenal aorta and supraceliac clamping - practical session	
10:15	Vascular surgical anatomy of the thoracic aorta	
10:30	Anterior exposure of the thoracic aorta – practical session 1	Gabriele Maritati
11:30	Coffee	
11:45	Anterior exposure of the thoracic aorta – practical session 2	
12:45	Break & Lunch	
14:00	Extensile exposure from chest to neck	
14:15	Aortic debranching – practical session 2	
15:15	Tea & Feedback	
16:00	Course Close
